OTHER THOUGHTS

I think I'm interested in working as a professor too, in teaching computers. Not really sure if I'd like to do that for kids or for adults, but I do like the idea of teaching.

I also want to start a side business and become an entrepreneur.

MY PASSION(S)

I really enjoy tech stuff, so I know I'd like to work with computers definitely.

I love reading sci-fi books.

MY EXPERIENCES

I've worked with my dad in his computer business.
I've volunteered for the tech troubleshooting booth at the church fair 2 years in a row.
I'm in the computer club at school.
I'm on the swim team at school.
I'm in the church choir.
I've traveled to Greece & Spain.

MY INTERESTS

I am interested in helping companies with their computer networks.

I also have an interest in cybersecurity & working in the cloud.

MY STRENGTHS

1.Patience
2.Can write really well
3.Problem-solving
4. Good with math
5. People always ask me questions for tech stuff
6. Team player

MY SKILLS

1.Know how to build websites
2.Like to develop apps
3.Like helping my family with setting up their home internet & networks
4. I think I have graphic design skills.
5. I really like crocheting.
6. I like teaching others different skills
